General Information

TIME—The sale will be held on Monday, November 5, 1945, at 1:00 P. M.

LOCATION—Strowan Farm, where the sale will be held, is one and one-half miles north and one-half mile east of Vaughnsville, Ohio. Vaughnsville is at the junction of State Highways 12 and 115. It is twelve miles north of Lima on Highway 115 and six miles west of Columbus Grove on Highway 12. From Delphos, Ohio, take U. S. Highway 30 northeastward to Highway 12, then six miles east on 12 to Vaughnsville.

HEADQUARTERS—The Argonne Hotel at Lima, Ohio, will be headquarters before the sale. Transportation will be furnished from the hotel to the farm on sale day; or on any day before the sale for persons who desire to inspect these cattle.

TERMS—The terms of the Sale are cash unless other arrangements are made with the owners before the sale commences and the Sale Manager is notified of the arrangement. Buyers who are not known to the Sale Manager will bring bank references. Settlements are to be made with the clerk of the sale immediately after the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from the purchasers.

GUARANTEE—The cattle have been tested for T.B. and Bang's disease and for years all of the females have been vaccinated. A certificate of health will be furnished with each lot sold. The herd is unusually prolific, many of the cows are sold with calves at foot and the other cows and most of the heifers have good long service dates. As this is a complete dispersal no further guarantee will be given.

BIDS—Those wishing to buy at this sale but who find it inconvenient to attend may send buying orders to Will Johnson of The Shorthorn World, 16 So. Locust Street, Aurora, Illinois; to C. K. Tomson, Secretary of the American Shorthorn Breeders' Association, 7 Dexter Park Ave., U. S. Yards, Chicago, Illinois; to the auctioneers, J. E. Halsey, Des Moines, Iowa; Paul Good, Van Wert, Ohio; and J. B. McCorkle, Columbus, Ohio; or to the owners.

PEDIGREES—A certificate of registration in the American Shorthorn Breeders' Association herd books will be furnished with each lot sold and the certificate will be transferred to the buyer without cost to him. Applications for registry, properly signed, will be furnished for each calf sold at foot beside its dam and for each unborn calf sold in dam.

LUNCH—A lunch will be served at the farm at noon by ladies of a local organization. Come early and inspect the cattle before the sale.

We will not be responsible for any accidents that may occur but will make every effort to provide for the safety and comfort of those present.

An Offering of Great Shorthorns

For thirty-one years, I have known the Strowan herds of Shorthorns and the owners and members of their families. Prior to the death of Orval Benroth, two years ago, the cattle were recorded in the name of Benroth & Griffith, though each family owned the cattle on its farm separately. Since that time the Benroth cattle have been sold and the Griffith cattle have been registered under the name of Strowan Farms.

Because of the retirement of E. K. Griffith, senior member of the firm, this long established but strictly modern herd of Shorthorns will be dispersed. No member of the Griffith family will buy or bid at this sale.

There is no better place to buy foundation cattle with good production records, or to buy a really first class tried sire than at the dispersal of a good herd, and rarely is offered such a favorable opportunity as will be presented in the dispersal of the Strowan Farms' herd.

Study this catalog. Note how many of the families have been carried on, producing profitably and improving constantly. Observe the names of the bulls that have been used and the pedigrees back of them. The more you learn about these good cattle the greater number of them you will wish to put into your own herds.

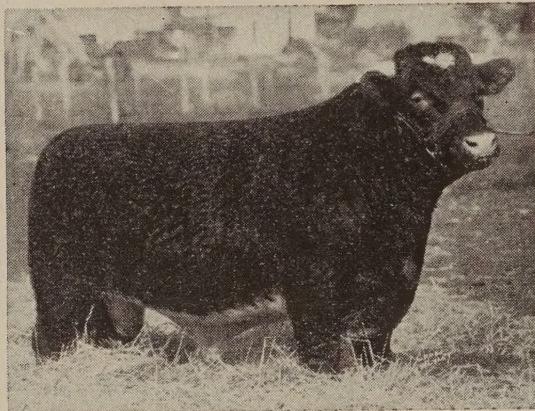

It is true that a few of the cows have seen a few years of life, but they have been highly productive years and such cows could not be purchased at any but a long price if the herd were not being dispersed completely.

Dwight Griffith, who has managed this herd from his boyhood, will furnish any required information about any or all of these cattle. Do not hesitate to consult him before the sale. You are invited to visit and inspect the herd before the sale. The sale being on Monday, you can come to Lima, Ohio, on Sunday, November 4, and transportation will be furnished to you from the Argonne Hotel to the farm and back and you will thus have an opportunity for a thorough inspection of these cattle, and can attend the sale the next day without having to make two trips from your home.

Some of the most successful herds of which I have known have been founded upon cattle bought at the dispersals of good herds. Here is your opportunity to buy profitable, popular, fashionable Shorthorns. Please study this catalog. It will show you why these cattle are popular and profitable.

—Will Johnson, Sale Manager.

DREADNAUGHT ADVENT 1978482

are at the top of this pedigree. The calves by Dreadnaught Advent have been of good type and have sold readily but there are still a few of them left in the herd. They will be sold in this dispersal.

Dreadnaught Advent 1978482 was a son of the International grand champion Sheik of Leveldale and his dam is Leveldale Bride 4th, a noted cow in Mathers Bros.' herd sired by Dreadnaught Parade, the grand-dam being a daughter of Dreadnaught Clansman. The three bulls that have done the most to make the Mather Bros. herd one of the greatest in America

Edellyn Graduate 1938-804 (Imp.) meets all the requirements of a potent sire. He is a son of the great Calrossie Graduate by the Perth Supreme champion Calrossie Control, out of Calrossie Pauline Wave by Glas-tullich Waverly. His dam was a noted cow in the A. J. Marshall herd in Scotland, Red Rothes Maid by Cruggleton Bonus.

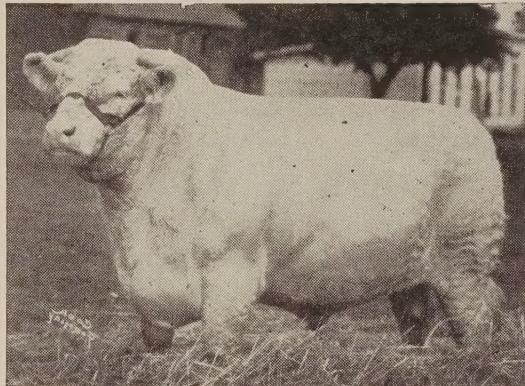

EDELLYN GRADUATE 1938804 (Imp.)

This bull has proved to be one of the great sires of the breed. He is a deep red and his calves are invariably of rich dark color, are low set, thick and blocky and have the best sort of heads. This catalog contains the pedigrees of two sons and many daughters of Edellyn Graduate. Every one is a superior individual that you will be glad to own and that will bring you prestige and profit if you do own them.

For Reference Only

Milky Way White Knight 1847236 was used extensively in this herd much to its advantage. He was a great sire as well as an outstanding individual. He had a most striking head, was deep, wide, thick and smooth, stood on short legs with lots of bone and indeed, in his day, was the best bull in the State of Ohio. His sire was Mount Nimrod (Imp.), a son of the great Calrossie Sanctuary that was by the world famous Naemoor Jasper. His dam was sired by the \$3000 Browndale Prince by Browndale Count and his granddam was by the famous Maxwalton Rodney. Wherever this grand bull's name appears in a pedigree you may be sure that there are many desirable inherited characteristics in the beast represented by that pedigree.

MILKY WAY WHITE KNIGHT 1847236

MILKY WAY MASHER 1806142

Jasper. His dam was by the noted \$3500 Browndale Captain by Browndale Count and his granddam was by Golden Bruce (Imp.). Here is a bull that, like Milky Way White Knight, left an indelible impression upon this herd and left inherited characteristics that will react to the benefit of the breeder who uses them, for several generations.

Milky Way Masher 1806142 was a rich dark red roan that became famous as a sire in this herd. He had the head and neck of a great breeding bull, was square and symmetrical on short legs with lots of bone and a deep, wide, thick body that was unusually well covered with flesh of great quality. His sire was the same as the sire of Milky Way White Knight, Mount Nimrod (Imp.) by Calrossie Sanctuary by Naemoor

Edellyn Maestro Mercury 2155985 is by long odds the most desirable tried sire that is now or has been for sale this year. The opportunity to buy him is one of those rare events that come only at dispersal sales. His pedigree appears below and speaks for itself, it is full of the names of the greatest of Scottish bulls. He was the grand champion and highest selling bull in the Illinois State Sale

in 1944. He will be only three years old in December and yet a considerable number of his calves, both bulls and heifers, will be sold in this sale. They prove him to be a most potent sire. If you wish to be sure of improving your herd, buy and use Edellyn Maestro Mercury.

His dam is one of the breed's great cows. Wallace Campbell of Maxwalton Farms once said of this cow, "If you ever keep a bull of your own breeding, keep a son of this cow." She

was struck by lightning and died this summer but you will see her daughter, Captain's Clipper, Lot 19, in this catalog and you will see the picture of another daughter, Strowan Clipper G, in the catalog. She was a great breeding matron.

STROWAN CLIPPER G 20th 2289628 is a choice, good headed heifer from ideal parents, her sire being the great young bull Edellyn Maestro Mercury, Lot 3 in this catalog and her dam being the good young cow the pedigree of which appears above. This being just a 1945 calf she will sell open.

75th Duchess of Gloster 1835-132 is another one of our great breeding matrons. She has produced some of our greatest bulls and females, among them Captain's Graduate 2132448 that was the top bull in our 1944 sale and another of which is the lovely red heifer that sells as Lot 30 in this catalog. Another of her heifers went to Wilson Bros. in Virginia, where she is now one of their outstanding cows. While this cow has some age, she is well preserved and should have calves for six or eight years more. She was bred on Nov. 26 to Edellyn Maestro Mercury and will have a calf at foot by sale time.

STROWAN DUCHESS OF GLOSTER 1948697, a great breeding matron by the noted sire Browndale Commander that made so much history in Ohio as an improving sire. This Duchess of Gloster family is one of the great assets of this herd. It will be noted that there are five daughters and three granddaughters of 51st Duchess of Gloster in this catalog. Few cows have been so successful in producing improving Shorthorns. Every one of her daughters is an outstanding cow.

STROWAN DUCHESS OF GLOSTER is a grand cow in every respect. She was the dam of the top bull in our herd in 1944 that was purchased by Earl Richards, Rockford, Ohio, and she is the dam of Lots 28 and 31 in this catalog. She was bred Feb. 1, 1945, to Edellyn Graduate (Imp.) and will have a calf very soon.

It requires superb cows, as well as great sires, to produce outstanding cattle. Here is a group of matrons in Working Condition at Strowan Farms. The Strowan Shorthorns spend the greater part of the year in pasture. That is one reason for their good health and superior productive ability. Another reason is that all of the females of the herd have been vaccinated and that frequent tests have been made for T.B. and that for more than a dozen years the herd has been free from any contagious or infectious diseases.

Here are nine of the heifers that will be sold in this sale. From left to right they are Strowan Nonpareil, Lot 54; Strowan Rosewood G 8th, Lot 63; Strowan Clipper G 18th, Lot 18; Strowan Duchess of Gloster 5th, Lot 28; Strowan Lady Dorothy 7th, Lot 30; Strowan Clipper G 15th, Lot 14; Lavender Princess 68th, Lot 39; Strowan Missie G 3d, Lot 51; and Strowan Rosebud 3d, Lot 57. STROWAN LAVENDER G 5th is an attractive daughter of the above cow, her sire being a son of the famous International grand champion Sheik of Leveldale. She is an open heifer of excellent type and conformation and is just ready to be mated to your herd bull.

Strowan Lavender G 6th is a heifer calf in which we have great faith. She is from the same dam as Strowan Roan Knight, a steer that was shown by Bob Griffith, a son of Dwight Griffith, in 1939, where he won the grand championship over all breeds at the Cleveland Livestock Show in which there were 362 steers competing. Bob won the grand championship at the Cleveland Junior Livestock Show in 1938 also. This heifer is from a great family and she will make a grand breeding cow.

LAVENDER PRINCESS 61st is a great cow from one of the best breeding families in Ohio and sired by a bull that has done more to improve the breed than any other bull in the last 10 years in Ohio. She was bred Dec. 8, 1945 to Edellyn Maestro Mercury and she will have a calf at foot on sale day and it will be a good one.

Creekdale Mayflower 22d 2164742 is a cow of grand proportions, big, smooth, and with excellent quality. Together with her other desirable characteristics she has a fashionable pedigree. She sells with a roan bull calf at foot dropped June 20, sired by Edellyn Maestro Mercury, and she will be bred again before the sale. This is one of the most attractive lots and as she has only just turned a 3-year-old, she will be one of the most profitable buys in the entire auction.

STROWAN ROSEWOOD G 7th 2266134, junior yearling show heifer from an outstanding breeding cow that sells as Lot 60 in this sale. Lt. Winston Guest of Virginia has bought two daughters of this cow, both of them acknowledged to be among the best heifers of their respective years in the State of Ohio. Strowan Rosewood G 7th was bred to Edellyn Maestro Mercury.

Strowan Rosebud 3d is a heifer that is one of the outstanding attractions of this sale. She is a beautiful red, is sired by our impressive red Edellyn Graduate (Imp.) and is out of that grand red cow Rosebud Luxury that won her class at the International show and that was sired by the Canadian Royal grand champion and International

first prize winner Killearn Morley. This heifer can be at or very near the top in any show in America and as she is just over a year old will sell open. She is a good specimen of what we produced when we used Edellyn Graduate (Imp.).

Strowan Rosewood 2d 1912957 is another member of the Rosewood 86th tribe and one that has been a grand producer in our herd. Among her many very pleasing offspring is Strowan Rosewood G 4th 2132463 that is shown herewith and that has become a valuable breeding matron in the herd of Harold Ressler, New Paris, Ohio.

Strowan Rosewood 2d was bred to Edellyn Graduate (Imp.) on April 10 and we have every reason to believe that she will have a valuable calf from that service because all of her calves have been extremely desirable.
